Wordbee Translator

# The collaborative platform

Wordbee Translator

# Connect all your sources

40+ connectors!

Bridge the gap between your content and the localization process!

Wordbee Translator

# Measurable benefits

- Substantial cost reduction (less manual work, leverage language resources, vendor rate comparison ...)
- Get stakeholders involved easily
- Faster project turn-around times
- Improved Translation Quality
- Overall control (language asset ownership, independence from vendor, transparency, monitoring, reporting ...)
- Light implementation without IT resources
- Scalability of the solution
